Welcome to the Employee Volunteer Metrics Benchmarking Tool. This tool benchmarks your company's reported employee volunteer metrics relative to other companies. Specifically, it benchmarks the way your company defines and collects number of volunteers and volunteer hours, and the values of these metrics.

Completing this tool typically takes between 10 and 15 minutes. All information you submit is strictly confidential. We will share only collective data, not data on individual companies. For more information, review our [privacy policy](#).

If you already have an account, [click here](#) to login.
